DETAILED ACTION

Response to Amendment

1. Applicant's after-final response filed September 25th 2007 has been entered and made of record.
2. Applicant has amended claims 5-7 and 12-14. Claims 1-14 are pending.
3. Applicant's remarks in view of independent claim 1 are found persuasive. Claim 1 and subsequent dependent claims are found to be allowable. Applicant has also amended previously objected claims 5, 6, 7, 12, 13 and 14 in accordance with previously indicated allowable subject matter. Claims 5, 6, 7, 12, 13 and 14 are therefore also found to be allowable. The application is in condition for allowance. Reasons are given below.

Information Disclosure Statement

4. The Information Disclosure Statement filed January 4th 2008 has been entered and made of record. The IDS has been considered. The Application is till allowed for the reasons cited below.

Allowable Subject Matter

5. Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Applicant's remarks with regard to independent claim 1 have been considered and are found to be persuasive. With regard to claim 1, the claimed limitation of using the calculated main axis of the hand and the location of the head to determined the direction in which the human being is pointing, Harakawa does not teach or fairly suggest the calculation of a main axis of a hand as claimed. Harakawa teaches using a hand tip and a direction from a shoulder or chest but does not explicitly teach using the tip and the main axis of the hand along with the head position to determined the direction a person is pointing. The secondary reference to Liu teaches the use of a found head position but fails to disclose the use of calculating and using the main axis of a hand. Independent claims 5, 6, 7, 12, 13 and 14 are found allowable for at least the same reasons indicated with regard to claim 1 and additionally the recitation of previously indicated allowable subject matter. Claims 1-14 are now accordingly allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
